

The image features a central horizontal metallic band with a brushed metal texture. The letters 'DSR' are rendered in a bold, black, sans-serif font with a slight 3D effect, appearing to be mounted on or attached to the band. The background is dark and shows a blurred, perspective view of a car's wheel and suspension components, suggesting a high-performance automotive context.

DSR Design philosophy

Our philosophy is simple, we design our products to the highest standards of quality in terms of Design and Development.

Each product is beautifully designed with style and sophistication to enhance and harmonise with your Jaguar. All products are tested and certified to the highest levels in the industry whilst not compromising on performance or craftsmanship.

DSR Design Limited is constantly seeking ways to improve the design, specification and production of its products and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications.
